

# CABANA COAST

## PERCH COLLECTION INFO SHEET

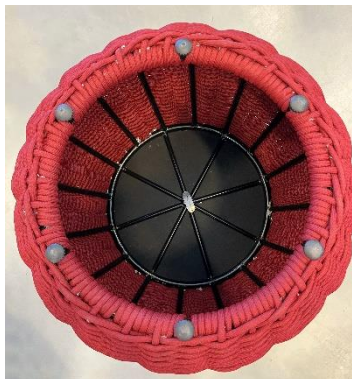

Is it a stool? Is it an ottoman? Is it a side table? It's a Perch!  
NEW for 2023, the Perch collection brings functional surface area with a fun sense of style to any outdoor living space.

Perch is available in four SOL Rope™ finish options:

- Cardinal
- Marine
- Mercury
- Pewter

SOL Rope™ is specifically designed and engineered for outdoor use and is a material that has migrated from the boating industry to outdoor furniture. It is weather resistant, UV resistant, marine grade and environmentally friendly. All thin format SOL Rope™ finishes used in the Perch collection are constructed from durable, braided polypropylene with a fibre core.

Perch is constructed from SOL Rope™ woven onto a powder coated aluminum frame and features a black, high density polyethylene top underneath and threaded, height-adjustable foot glides.
