

Dear CabanaCoast Dealer, Please See Inventory Report.

Date

2024-03-14

Inventory status and ETA's provided are accurate to the furthest extent of our knowledge at the time when this report is published, and are subject to change without notice based on orders placed in our order queue prior to your order or due to ongoing global supply chain delays beyond our control.

Product codes do not appear exactly as shown in our price list as they are exported from our internal system for the purposes of this report.

Inventory status calculated includes current products in our warehouse as well as incoming products. Orders placed are not all readily available and ETA is dependent on arrival time to our warehouse.

Items with 30 or more units available are marked "available".

Please email or call for assistance.
