Kaya Padded Wicker Collection

Info Sheet

A name from ancient times, the name Kaya has long been associated with inner strength & resilience. True to its name, the Kaya Padded Wicker Collection features “woven-in cushions” – cushions which are inside the frame – which provide comfort & ease without the need for any additional cushions. Crafted with Quick Dry Foam, the industry leading reticulated, fast-draining foam, for super-easy care.

Kaya is constructed from 6-millimeter diameter wicker with woven in Quick Dry seat & back cushions, handwoven on a powder coated aluminum frame. Designed for use without cushions.

Featuring Willow SOL Weave™ Wicker in 6 mm format with a high back, elongated, oval legs & tapered arms with SOL Teak™ arm accents. Kaya coordinates well with Etta collection (9 mm Willow) & other collections in Tiger Drylac® Storm finish.

PADDED SOL WEAVE™ WICKER | ALUMINUM | SOL TEAK™ ACCENTS
